1. Approval of Minutes
17 September Meeting
18 September Meeting
(IAC-M-307; IAC-M-308)

a. Approved the minutes for the meetings on 17 September and 18 September as written.

b. In connection with their review of the minutes for 18 September, the members agreed not to release SNIE 11-8-57 to USIA. Mr. Kent also commented on the sensitivity of this estimate and the members concurred in the view that it be held closely.

2. Situation Review

a. Watch Committee Report
No. 372

Noted.

b. Sensitive Situations

The members discussed various aspects of the Syrian situation, including possible Syrian troop movements, Saudi-Arabian attitudes toward Syrian developments, Soviet naval activities in that area and Bloc arms shipments to Syria. During this discussion Admiral Frost reported in some detail on the nature and volume of Bloc shipping to Syria in 1957.

Mr. Cumming invited the members' attention to certain recent developments in Libya, particularly with respect to future US base arrangements and Libyan attitudes regarding the adequacy and sources of foreign aid.

The Chairman noted that he had briefed the NSC recently on the Indonesian situation, and then exchanged views with the members on developments in that area, especially on reports concerning results of the round-table conference.

With respect to Thailand, Mr. Dulles commented that the latest reports were more encouraging and discussed with the members matters such as the political orientation of Thai leaders and the possible role played by the King in recent events. In this connection, Mr. Cumming noted that, in his opinion, NIE 62-57, "Probable Developments in Thailand," had forecast quite accurately the general trend of developments in Thailand.

c. Future "Crisis Situation" Procedures

The Chairman referred to certain problems which could arise under the "crisis situation" procedure presently being followed by the IAC. Mr. Kent outlined possible changes in the method of describing the situations discussed and recording the action taken. The members then concurred in suggestions by the Chairman and Mr. Kent that hereafter the second agenda item and the corresponding item in the minutes be carried as "Situation Review," with the Watch Committee Report and "Review of Sensitive Situations" as subheadings. It was also agreed that when the members concluded after discussion that a true "crisis" situation existed, the record should reflect that fact and the nature of any action taken.
